

- **Wind load stability**
- **Driving rain tightness**
- **Permeability**

Technical report no.: 3.073  
Test institute: SHR Hout Research

Client: SOLARLUX Aluminium Systeme GmbH  
Gewerbepark 9-11  
49143 Bissendorf

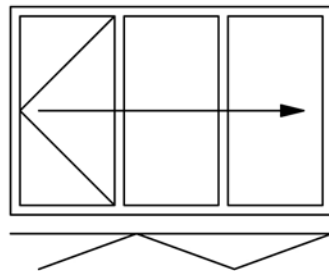

Product/Component Three-panel folding façade (I-3R / I-3L)

Designation SL 66

Exterior dimensions (W x H) 2400 mm x 2300 mm

(Frame) Material Coniferous timber, laminated

Special features -/-

Wind load stability - EN 12210

**Class C4**

Driving rain tightness - EN 12208

**Class E900**

Permeability - EN 12207

**Class 4**
